SUMMARY

Machine Learning Engineer with over 6 years of experience specializing in AI. Holds a Bachelor's degree in Systems Engineering and a Master's degree in Computer Science from the Catholic University San Pablo (CONCYTEC program) I have designed and deployed end-to-end ML systems using cloud-native tools and open-source frameworks, ensuring high availability, performance, and reproducibility. My background includes strong collaboration with data engineers and backend engineers to implement robust training pipelines, model monitoring solutions, and low-latency inference services. Driven by a passion for building reliable ML platforms, I embrace a culture of shared ownership, clear documentation, and continuous improvement.

WORK EXPERIENCE

AI Tech Lead , Encora

Sep 2025 - Feb 2026

- I coordinated the design and development of the solution, documenting requirements, applying hexagonal architecture and corporate guidelines. I oversee the integration of generative AI and physical systems, manage interactions with cross-functional areas, ensure compliance with acceptance criteria, and lead the production deployment and knowledge transfer.

AWS

LANGCHAIN

PYTHON

MLOPS

LLM

SDLC

BITBUCKET

Machine Learning Engineer, Vozy

Sep 2021 - May 2025

- Developed scalable TTS, ASR and LLM APIs using Flask and FastAPI, generating over 40 million words per month, specializing in artificial neural networks.
- CI/CD deployed them in cloud environments like AWS and GCP to ensure efficient scaling and performance. The own TTS model represents a 200% cost savings compared to ElevenLabs.
- Led the development of Generative AI for more than 20 Latin American voice speakers, integrating with LLM models to power a conversational system.
- Deployment of a biometric identification system using audio and Machine Learning.
- Led and presented research and demo projects at leading conferences, including Khipu AI, NAACL, and MLSS, showcasing advancements in Machine Learning and NLP.

LANGCHAIN

SCIKIT-LEARN

AI Research Advisor (Part-time), Besage.ai

Mar 2024 - Aug 2024

- Conducted fine-tuning of LLaMA models using LoRA (Low-Rank Adaptation), covering data preprocessing, training optimization, evaluation, and full lifecycle deployment.

NLP

Data Scientist, Instituto Tecnológico de la Produccion

Feb 2021 - Jun 2021

- Led a Business Intelligence project to analyze the competitiveness profile of companies in the textile production chain, providing key insights to enhance industry performance.
- Supervised a team of undergraduate researchers in a project that utilized ML models, advancing research in the textile sector through innovative AI applications with python.

TABLEAU

PYTHON

OPENCV

STATISTICS

SCRUM

Machine Learning Researcher, Catholic University San Pablo**May 2018 - Jun 2020**

- Awarded a full-time research scholarship to develop a Computer Vision prototype for estimating pain levels from facial expressions and image processing techniques.
- Co-founded and led a university research group focused on the exploration, discussion, and dissemination of advances in Machine Learning.

PYTHON

PYTORCH

OPENCV

CUDA

NUMPY

CV

LATEX

DEEP LEARNING

OPENGL

Software Engineer, Ccaijo.org**Aug 2014 - Apr 2018**

- Designed and developed ERP modules and project management systems tailored to the operational needs of the organization and custom backend logic.

EDUCATION

MicroMaster in Statistics and Data Science**Sep 2022 - Sep 2025**

Massachusetts Institute Technology - BREIT

Master of science in Computer Science**May 2018 - Jun 2020**

Catholic University San Pablo - CONCYTEC 2018-2020

Bachelor of Computer Science degree**Jun 2009 - Aug 2014**

National University of San Antonio Abad del Cusco

ADDITIONAL COURSES

Specialized Program: Machine Learning Engineering for Production Deep Learning.ai**Certification in Data Base and Information Management** National University of San Antonio Abad del Cusco**Certification in Project Management.** Escuela Nacional de Estudios Gubernamentales**Specialized Program: Data Base Management** Universidad Nacional Mayor de San Marcos

- Applied Artificial Intelligence: NATURAL LANGUAGE PROCESSING - **Future Learn**
- Applied Artificial Intelligence: SPEECH RECOGNITION SYSTEMS - **Future Learn**
- A Complete Guide on TensorFlow 2.0 using Keras API - **Udemy**
- FastAPI Full Stack Web Development (API + Webapp) - **Udemy**
- Machine Learning Deep Learning model deployment - **Udemy**
- Business Analytics using Public Tableau - **CEDECSI**.
- Business Intelligence - **Cámara de Comercio Lima**.
- Data Science career - **Platzi**.
- Exploratory Data Analysis with Seaborn - **Coursera**.
- Python for Data Science - **Coursera**
- Facial Expression Classification - **Coursera**
- Facial Expression Recognition with Keras - **Coursera**
- Python for Data Science - **Cognitive Class IBM**
- Startup with MVP. Scholarship **Proinnovate with Platzi**
- Curso de Prompt Engineering con ChatGPT **Platzi**
- Curso de Desarrollo de Chatbots con OpenAI **Platzi**
- Curso de Desarrollo de Aplicaciones de IA con LangChain: Chatbots **Platzi**
- Large Language Models with Semantic Search **DeepLearning.ai**
- MCP: Build Rich-Context AI Apps with Anthropic **DeepLearning.ai**

ADDITIONAL INFORMATION

- **Languages:** Spanish (native), English (B2 Intermediate), Portuguese (B2 Intermediate)
- **Awards/Activities:** Graduated in the top 5 % of undergraduate class; CONCYTEC master's scholarship; Scholarship recipient & Peru representative at MIT Latin American AI Summit 2020; Scholarship, Deep Learning & Reinforcement Learning Summer School (Toronto 2020); Scholarship, Khipu AI Summer School (Montevideo 2019 & Santiago 2025); 2nd place – IBM Call for Code Hackathon ("ChatBio"); Honorable Mention – Spanish NLP Hackathon ("Emotion Recognition Using Audios"); Winner – NASA Space Apps Challenge Arequipa 2023 (AI for space navigation); Presenter – NAACL Workshop, Mexico City 2024;
- **Soft Skills:** Analytical thinking, rapid learning, collaboration, public speaking, mentoring
